Old Spanish National Historic Trail Condition Assessments

Need

The Bureau of Land Management's (BLM) Arizona Strip District will collect data on trail location and condition of routes as part of its Old Spanish National Historic Trail Condition Assessment. The project will locate, record and assess trail segments and sites through a combination of historical maps and records research, field inventories and GIS mapping efforts. Obtaining current data is critical to support appropriate management and development of this nationally significant historic trail.

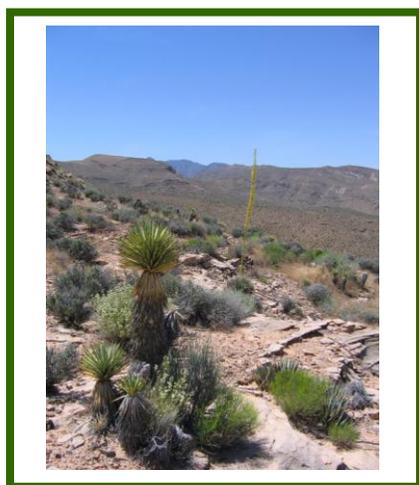

Recovery Act Funding

A contract was awarded to EDAW, Inc., on May 14, 2010 in the amount of \$48,895. Several local Old Spanish Trail Association volunteers to assist in data collection and research activities. Contract work is expected to begin during the winter months.

Benefits

The project will identify and protect a congressionally designated historic trail for public use and enjoyment. The information collected during the project will be utilized to support and strengthen BLM management and trail development efforts.

More Information
