

Rocky Mountain Arsenal National Wildlife Refuge

Mile High Youth Corps-Russian Olive Removal Recovery Act Report:

The Mile High Youth Corps Sawyer Crew removed Russian olive trees by cutting and treating the remaining stumps with herbicide. They then formed piles with the cut trees, which will be burned in future months. To date, they have cut and treated 3,826 Russian olives.

MHYC sawyer team stumping and treating cut Russian olives with herbicide. Photo taken 08/13/2009.

Equipment Supplied	Quantity	Total Cost
Rubber Gloves	20 pairs	\$50.80
